Membership Year and Insurance Coverage

The Bicycle Tasmania (BT) membership year and insurance coverage runs from 1 January thru to 31 December of each year. If you join BT in October through to December of the previous year, or January through to March of the current year, you pay the BT standard annual fee, and your membership and insurance expires on December 31 (membership for 12 to 15 months). If you join BT in April through to September of the current year, you only pay the BT concession annual fee and your membership and insurance expires on 31 December of that year. For membership renewals (normally paid before the end of the year) you pay the standard BT annual fee, which extends your membership and insurance for another year.
